Hey Michael,

Just following up on this. Trying to get everything sent out before Monday. Thanks!

Thierry,
Completely understand. Let's lock the 8th at 2:30.

Michael

Good morning Michael,

Sorry for the inconvenience. We had to reschedule your meeting that was to occur April 6th at 10:30AM due to schedule conflicts. Would it be possible to reschedule for either April 8th at 2:30PM or April 13th at 9:30AM or 4:30PM? Let me know if any of those new times work for you. Also, if you can please fill out our updated meeting request form, it would be much appreciated. Thanks!

Dear Michael,

Tomas Carbonell is happy to meet. How does April 6th at 10:30am ET work for your schedules?

Many thanks!

Subject: O&G methane Regulation Meeting

Tomas,
MJB&A has recently agreed to manage a collaborative process between several oil & gas companies focused on the anticipated EPA proposed methane regulation. These companies include ConocoPhillips, BP, Shell and Pioneer. Equinor and Oxy may also decide to participate in the future. The companies are looking to play a constructive role in the development of the methane rule for the oil & gas sector.

We would like to request a meeting with you and your colleagues to discuss the scope of the regulatory effort that EPA may be pursuing, discuss key issues that will be addressed and discuss how best might the companies contribute to the process. If it's possible we would refer meeting with you within the next two weeks.

Please let me know if you have any questions or if I can provide additional information that would be useful to EPA.

Thanks,
Michael
